Omar — Comprehensive Analysis Report

Generated: 2025-12-18 11:48:11

Executive Summary

Overall Health: 50% (Grade F)

This comprehensive analysis evaluates Omar across all major vehicle subsystems including engine, transmission, cooling, electrical, and fuel systems. The AI analysis indicates the vehicle is in **Poor** condition.

Vehicle Information

Field	Value
Vehicle Name	Omar
Make	Nissan
Model	Patrol Y62
Year	2017
VIN	
License Plate	713147

Technical Specifications

Specification	Value
Engine Type	Gasoline
Transmission	Automatic
Fuel Type	Premium Gasoline
Drivetrain	

Usage Statistics

Metric	Value
--------	-------

Total Distance	0 km
Total Driving Hours	0.0 hrs
Trip Count	0
Maintenance Count	0

■ AI Health Analysis

Overall Health Grade: F
Status: Poor (50%)

Subsystem Health Breakdown

Subsystem	Score	Status	Trend
Engine	50%	Poor	—
Cooling	50%	Poor	—
Electrical	50%	Poor	—
Fuel System	50%	Poor	—
Transmission	50%	Poor	—

Risk Assessment

Assessment	Value
Current Risk Level	LOW
Active Alerts	0

Data Quality	80%
--------------	-----

■ OBD Sensor Snapshot

■ Failure Predictions

Insufficient data for failure predictions. Continue collecting sensor data for accurate forecasting.

■ PID Coverage Summary

Category	Count	Status
Total PIDs Available	3	■
Standard Mode 01 PIDs	0/13	■
Custom/Mode 22 PIDs	—	—

Available Sensors

data_quality, metadata, obd

■ AI Recommendations

Maintenance Priorities

Priority	Recommendation
HIGH	Engine performance degraded (Score: 50%). Consider diagnostic scan.
HIGH	Cooling system needs attention (Score: 50%). Check coolant level and thermostat.
MEDIUM	Electrical system needs attention (Score: 50%). Check battery and alternator.
MEDIUM	Fuel system issues detected (Score: 50%). Check fuel filter and injectors.

General Maintenance Guidelines

- Monitor coolant and oil temperatures regularly
- Check battery voltage, especially before long trips
- Address any check engine lights promptly
- Follow manufacturer service intervals
- Keep fuel system clean with quality fuel

■ Maintenance History

Metric	Value
Total Maintenance Records	0
Last Service Date
